If you're new to Infinispan, feel free to try our [Getting Started Guide](#) or check out the [Infinispan Technical Overview](#) that explains different deployment scenarios and provides an FAQ.

We also have a [Memcached Client Guide](#). However, Infinispan does not recommend using Memcached for security reasons and the server endpoint is planned for removal. See the [Server Guide](#) for details.

Come and join the [Infinispan community](#) to submit feedback or ask questions.
